SIX DAYS MORE OF THE BEST VOTE OFFER

Monday, June 21st, is positively your last chance to take advantage of this Mammoth Vote Inducement, which is guaranteed to be the biggest and best vote offer of the contest—Don't let this opportunity pass by without taking full advantage of it—Never Again Will You Be Able to Get As Many Votes on Your Subscriptions as Right Now.

CONTEST CLOSES JULY 17

Only a Short Time Left of the Big Race for Glory and Prizes—Put forth your most active efforts between now and June 21st, the close of the biggest vote offer and gather in all possible subscriptions.

Monday, June 21st—Last Chance

We wish to impress upon the contestants and their friends that Monday, June 21st is positively your last chance to take advantage of the Big Triple Vote Offer, which is guaranteed to be the BIGGEST AND BEST Vote Offer of the contest. So don't hold back subscriptions with the expectation of getting bigger votes for if you do, you will be greatly disappointed. After June 21st, the vote schedule will take a most decided drop and will continue lower during the remainder of the contest. Until 9 o'clock Monday night, June 21st, three times the usual number of votes will be given on all old subscriptions and more than three times the usual number of votes will be given on new subscriptions turned in before the above date and hour. The schedule published on this page includes all extra votes.

Subscriptions sent by mail will be accepted and counted under this big vote offer if mailed from any postoffice and the envelope containing the subscriptions is postmarked not later than 9 p. m., June 21st. This gives contestants living at a distance an equal chance with those living close to Stanford for they can work up until the last hour before the close of the big vote offer and then mail in the subscriptions from their local postoffice.

She who hesitates is lost. Monday, June 21st is the last day of the biggest and best vote offer of the contest, the day of all days, the day which will spell victory or defeat for you according to the way you take advantage of the mammoth vote inducement. It will be the last chance to secure votes for you on your subscriptions.

This is an offer which is just to yourself, you cannot refuse to take advantage of it, for on the amount of work and hustle you put forth between now and Monday night may depend the decision of the final prizes.

If you ever expect to do anything in this contest, do it this week. It is "your" chance—the chance of a lifetime. It may prove the means of you winning the final prize you desire and also the "best" of the contest. Do not work with renewed determination to take advantage of every circumstance and condition that will aid you in this race. If you have friends who have told you to see them later or have promised to aid you later, then now is the time to go to them for assistance. Don't be afraid of doing too much for every successful person has done too much in the eyes of the lay. It is better to have a surplus of votes at the last than not quite enough.

Go In To Win.

You are in this contest for the purpose of winning. Go out with a determination to win. Do not be one of those kind who no sooner start a piece of work than they are shied with a desire to do something else, and so rush through with the work in hand with breakneck speed, shutting it off for the work in mind. Learn to stick. Do not be a victim of the "by and by" and "time enough" notions. Alas for the people who are going to do something.

Get Busy This Week.

If you have an ambition of purpose in your mind, do it at once. There is no time to waste while the big vote offer is in force. Do something toward the beginning. Rouse yourself from that lethargy of dreams and make a start. It is wonderful the power that comes to us after we begin a thing. With every postponement of the beginning, just so much power is dissipated. The road to success lies along the pathway of Decision, up the hill of Endeavor and across the bridge of Patience. The road to Defeat lies through the "Valley of Pretty Sorry" and along the winding paths of "Wait Awhile." Whatever you intend to do by and by, DO IT NOW.

Make every day count for something—not merely an added day but an added day with something worthy achieved.

Count that day lost whose low, slouching sun Views from thy hand No worthy action done.

No worthy action done.

Notes About The Contest.

Getting Good Contracts.

Rout & Martin, the concrete contractors, are getting lots of contracts and are doing some excellent work. They did the concrete work for the bridge over Cedar Creek and have contracts for the foundation of the bridge to be built over the St. Asaph on the Hustonsville pike and on the Somerset pike near Squire Field's home. They will also do the concrete for the home Joe Chancellor will erect on his farm near the site of his present residence.

HAMMOND'S COUNTRY STORE WITH CONTENTS BURNED

Big Store on Danville Pike Goes Up In Flames at Early Morning Hour. Believed to Have Been Robbed.

The large country store on the Danville pike just beyond Hanging Fork bridge, belonging to J. H. Hammond, the well-known farmer-merchant, burned to the ground about 4:30 Monday morning, together with its contents, consisting of about \$6,000 worth of goods, according to the statement of the proprietor. The building was valued at \$1,000. An insurance policy of \$1,000 with the insurance firm of Bromley & Bromley, of this city, is held by Mr. Hammond. Mr. Hammond and his son, Dr. Hammond, were in Russell county at the time, but arrived last night. In speaking of the fire, Mrs. Hammond said: "We (meaning her daughter and herself) saw smoke coming from the building and ran to it to see if we could get anything out, but the flames had reached too great a headway and we had to stand back and watch our goods burn. We have no idea how much of the contents were lost, but we believe that the store was first robbed and then set on fire. Fresh buggy tracks were seen in front of the building, and it may be that the intruders stepped from the buggy to the porch and did their work and got back in the vehicle. Mr. Hammond said: "We are inclined to believe that the store was first robbed and then set on fire. HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from all ailments. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

—Mrs. C. B. GRIFFITH, 7305 Madison Ave., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."

CARTHAGE WOMAN TELLS HAPPY STORY

Mrs. Laura Duke of Carthage, Tenn., was a victim of stomach disorders for several years. She lost appetite and her weight fell off. She could not rest at night.

She took Mayr's Wonderful Remedy—just a few doses—and found herself restored.

In fact, Mrs. Duke's recovery was so rapid she was afraid that it could be only temporary. So she waited from September, when she took the remedy, until the following February to pass judgment. Then she wrote:

"I write you in regard to your wonderful stomach remedy that I took last September. I feel better than I have in five years."

"My weight was 127½ pounds; now it is 147½, and I can eat anything I want. I sleep well at night. I would have written before, but I wanted to see how I got along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating. Pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Farm and Stock News

J. Fox Dudderar bought here Monday from various parties 16 cows at \$42.25 per head.

W. M. Porter, of Mt. Vernon sold to J. M. Craig, of Quail, 17 hogs at seven cents a pound.

John P. Outts, of Wayne, sold here yesterday 106 stock hogs, cows and steers at \$27 to \$42. They were a good lot and went in a jiffy.

Jones & Cress sold here yesterday 17 yearling steers at \$31; five cows to J. Fox Dudderar at \$42 and to J. B. Foster a black bull for \$50.

Charles Ottis, of the McKinney section, has a fine alfalfa field of five acres, from which he cut 16 big wagon loads a short while ago and which is almost ready to cut again.

An egg with a corrugated shell was brought to town by J. M. Goach, of near Goshen Saturday. Instead of the shell being smooth as a floor, it had a corrugated effect and presented a most peculiar appearance.

J. M. Roberts, of Somerset, was here as usual yesterday. He sold out early in the morning and left for his home. He sold to Murphy, of Mt. Sterling, 23 yearling steers at \$25 and a cow for \$30; to Lake Robinson a bull for \$55 and to John W. Spikes five calves at \$17.50.

Brown & Lawson, of Lancaster, have bought quite a bunch of hogs in the Goshen section in the past few days. From J. M. Goach they got 55 which were in prime shape, averaging 208 pounds, and paid seven and a quarter cents a pound for them. From W. D. Goach they bought half a dozen averaging 200 pounds, at \$60 to \$125; and a quarter cow and a couple of the same weight from J. E. Goach at the same figure.

George D. Boone, the Ottemheim trader, was at Richmond last court day and sold 22 head of mixed cattle at from \$24 to \$40 a head. He bought a bunch of 112 pound hogs from J. E. Handley, near D. K., at 48¢ and a half cents a pound; from Louis Cook, who bought the old Pottery place, south of Ottemheim, he bought 22 head of mixed cattle at \$29 a head; from Ed Goach, of Crab Orchard, he bought 12 mixed sheep for \$45; from Chas. A. R. Matheny sold to Center Bros. a bunch of heifers at six and a half cents.

D. O. Lewis of the Moreland section, weighed to Myers & Allen 30 lambs that averaged 60 pounds at nine and a half cents.

S. P. Stephenson delivered to Jns. Vowell, of Hustonville, 42 lambs that weighed 72 pounds at \$7.85 and 13 hogs that averaged 225 pounds at seven cents. He sold him more hogs to be delivered after July 10 at seven and one half cents.

W. D. Hanson & Son, of the Moreland section, are entitled to the blue ribbon as lamb raisers. They delivered to Allen & Myers, the West End buyers, Saturday 91 lambs that averaged 78 pounds at nine and three quarter cents. Can anybody in these diggings beat that? If so let them tell the I. J.

R. L. Smith, who was here from Hatt, Rockcastle county, yesterday told an I. J. man man that he bought eight yearling cattle of Will Adams for \$200 and sold them to Ballard & Rigby for \$5 profit; to J. M. Cress he sold 11 heifers for \$375 and to Ballard & Rigby 12 steers at a "live and let live" price.

A good crowd attended the sale of the effects of the late J. J. Thompson, near Preachersville Thursday and Saturday. Prices were realized throughout. 32 hogs weighing 250 pounds brought \$7.25; cows sold at \$80 to \$105; horses at \$60 to \$125; several two-year-old black steers sold at \$75; even brought \$85; farming implements and household and kitchen furniture sold well. A splendid dinner was served. A. M. Bourne cried the sale.

Claim They Did It Accidentally.
Joe Will, Burck and Richard Laughman, all little colored boys, were arrested by Chief B. D. Carter on the charge of breaking the glass in the front window of Baptist church. They confessed that they did it, but claimed that it was purely accidental. The police judge, Dr. R. L. Davidson, told them they could have the glass replaced, but if they failed to do so, he would send them all to jail. They promised to repair damages.

DUNCAN.

The rain we have been having in this section has helped everything to a great extent.

A great number of people from this place attended church at King's Mountain Sunday night.

Our Sunday School is progressing nicely at Vineland.

Miss Anna Clark and daughter, of Ludlow have been visiting friends in Lincoln. They returned home last Monday.

Mr. Eugene Mende entertained at a birthday party on Thursday evening a number of friends who had an enjoyable time.

Miss Frankie Young, of Highland, will teach school at Locust Grove this term. Everybody seems to be well pleased.

Some boys disturbed Prayer meeting on last Tuesday night at Grove church by throwing rocks in the church and shooting on the outside. We are glad to say that none of them were from Duncan.

Miss Della Bennett, of Williams-town is visiting her parents here. Misses May and Daisy Leach were visitors of Miss Frankie Smith Wednesday.

The Greatest of Races.

The contest for the Castleton Cup (a beautiful gold trophy) and the \$3,000, that go with it, at Lexington in October, will probably be the greatest race the world ever saw. The Kentucky T. H. R. They would attract people from Europe but for the war. The entries are: The Anvil 2-03 3-4; Ettawa 2-05 1-1; Peter Vole 2-03 1-2; Peter Scott 2-07 1-1; Lee Asworthy 2-08; Jan 2-01 1-1; Rhythmol 2-01 1-1; Ross B. 2-01 1-1; May Mack 2-01 1-4; Star Water 2-05; Newell 2-05 1-1; Brighton B. 2-05 1-2; Margaret Driven 2-05 1-2; J. All Blood Disorders Quickly Driven Away

Astonishing Results With the Greatest Blood Purifier Ever Discovered.

Strength, Power, Accomplishment are all Typified in S. S. S. Some blood disorders become deeply rooted in the glands and tissues, and the mistake is made of resorting to drastic drugs. These only aggravate by causing other and worse troubles. A host of people know this to be true. They know from painful experience. To get right down into where the blood is vitiated requires S. S. S. the greatest blood purifier ever discovered. This remarkable remedy contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment and the removal of all waste matter. Less blood purifier are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food. Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles, S. S. S. so directs the blood cells that this poison is rejected and eliminated from their presence. Then, too, S. S. S. has such specific stimulation on these blood cells as to remove their natural warfare and a proper relative assistance to each other. In a very brief time S. S. S. has the reconstructive process under control that remarkable changes are observed. All graphic pictures of blood and skin diseases have disappeared, and from head to foot there is a conscious sensation of renewed health. From the fact that S. S. FARM FOR SALE!

On Wednesday, June 16th, 1915, at 11 A. M.

The Stephenson Farm will be sold by public outcry on the premises, situated two miles North of Burgin, on the Danville and Shakerstown pike and the Q. & C. railroad.

The farm consists of 445 acres of land which lies well, is in a good state of cultivation, and is exceptionally well supplied with pure stock water, running from two unfailing springs. It is in one of the best wheat, hemp and tobacco sections of Central Kentucky, and will produce a splendid yield and quality of the above named crops.

The improvements consist of a beautiful 7-room frame dwelling, two-story, cellar and porches, furnace-heated throughout, built in 1915, a large, well-planned stock barn, large recently built tobacco barn, and all necessary outbuildings, fruit and shade trees, all of which make it a very attractive home. Terms liberal which will be given on day of sale. For further information call on W. B. Nelson, Lexington, or G. M. Ballard on the premises. W. B. NELSON, Agent, Lexington, Ky.

KENTUCKY TAXPAYERS, WHICH DO YOU WANT?

WEST VIRGINIA

State Wide Prohibition Paralyzes the State.

Higher Taxes—Worse Conditions.

The West Virginia Legislature convened in May, the second time this year, to consider tax questions made necessary by a shortage of revenues to pay the current expenses of the State.

The inauguration of State-wide prohibition, last July, cut off \$500,000.00 of revenues heretofore available. At the close of the fiscal year, September 30, 1912, the State had a surplus in the treasury of \$592,475.39.

The Governor estimated that on July 1, 1915, there would be a deficit of \$624,000.00, not counting \$850,000.00 of old appropriations not expended.

The Legislature, at the May special session, increased the tax rate in the State 40 per cent to make up the deficit in revenues caused by the State-wide prohibition system.

For lack of funds, Governor Hatfield vetoed appropriation bills amounting to \$258,608.09. Among the vetoed appropriations are the following:

- Transportation of prisoners and extradition of criminals, \$5,000.00 a year;
- Girls' dormitories and agricultural buildings, State University, \$100,000.00;
- State Industrial Home for Girls (buildings and lands), \$10,000.00 for next year;
- Normal Schools (buildings and lands), \$80,000.00 a year;
- State Tuberculosis Sanatorium (buildings and lands), \$15,000.00 a year;
- State hospitals (buildings and lands), \$25,000.00 a year;
- Public Service Commission, \$50,000.00 a year;
- Mining extension work, State University, \$10,000.00 a year;
- Civil contingent fund, \$20,000.00 for current year;
- Rewriting and rebinding Auditor's records, \$5,000.00 a year;
- Protection of forests and propagation of fish and game, \$10,000.00 a year;
- Prevention foot and mouth disease, \$5,000.00;
- State militia fund, \$65,000.00 a year;
- Repairs and improvements, State institutions, \$5,000.00;
- Hotel Inspector, \$1,562.50;
- State Colored Orphan Home (buildings and lands), \$3,000.00 a year;
- State Librarian, \$500.00 a year;
- Point Pleasant monument, \$2,500.00 a year;
- King's Daughters and city hospitals, \$10,000.00 a year;
- Factory Inspectors, \$4,000.00 a year.

Since the adoption of prohibition, violations of the liquor laws have increased enormously. Bootleggers are busy all over the State. On the first day of May, 1914, before prohibition went into effect, there were 39 prisoners in the county jail at Charleston, the capital of the State. On the first day of May, 1915, there were 92 prisoners in the same jail.

Kentucky Facts and Figures.

WHO PAYS THE TAXES?

All live stock of all kinds in Kentucky—horses, mules, cattle, hogs, sheep, etc., are assessed at.....	\$52,148,637.00
All mines and mineral products are assessed at.....	1,473,653.00
All stocks, merchandise, etc., are assessed at.....	31,148,282.00

\$31,387,000.00 is the capitalization of Kentucky distilleries and breweries, according to the last Federal Census, is the assessed value of Whisky in U. S. Bonded Warehouses, in Kentucky, on which State and county taxes are paid.

\$19,250,000.00 is the assessed value (approximately) of properties used in the distilling and brewing industries and liquor trade in Kentucky, not including any part of items given above.

\$6,500,000.00 is the amount paid out annually in Kentucky by distilleries for grain.

\$2,290,000.00 is paid annually for wages and salaries by Kentucky distilleries and breweries.

\$2,405,000.00 is paid annually for coal and barrels by Kentucky distilleries and breweries.

\$600,000.00 annually is paid to Kentucky Banks in interest to \$900,000.00 by Kentucky distilleries and breweries.

\$60,000,000.00 annually is brought into Kentucky in bank clearances by the distilling and brewing industries.

\$921,254.15 is the amount paid in taxes in Kentucky by the distilling and brewing industries in 1913, as given by statements from the State Auditor's office.

This sum is more than the combined taxes paid on all the merchandise, coal mines, oil wells, live stock, agricultural products, and manufactured products in the State.

State-wide prohibition will destroy entirely, for taxation purposes, these sources of revenue. Other property must then be taxed heavier to make up that loss.

If Farm Lands are compelled to pay it, the tax on farms must be 50 per cent more than at present.

If Live Stock is made to pay it, that class of property must be taxed three times what it is at present.

If Railroads are to pay it, their assessment must be doubled.

If Mining Property is required to pay it, their assessment must be increased to more than 100 times what it is now.

WHO IS WILLING TO PAY THESE EXTRA TAXES?

And what will we get? Conditions similar to those in Tennessee and West Virginia, and we will drive out of the State our largest taxpaying industries.

Nothing will be gained for temperance. Counties can vote themselves as "dry" under the present law as State-wide prohibition could make them.

TENNESSEE

Six Years of State Wide Prohibition Bankrupts State.

More Crime Than Ever Before.

Tennessee has had State-wide prohibition for six years.

Before the prohibition law went into effect, 10 per cent of the revenues of the State were applied to paying of the State debt, as provided by law, thereby rapidly discharging it. Since prohibition deprived the State of large revenues from taxes on the manufacture of liquors and beer, the sinking fund law was suspended, and payments on the State debts stopped.

The present Legislature found that there was a deficit in State revenues of \$1,022,000.00. Short-time notes have been given to cover that deficit, the same to be converted into 30-year bonds next July. This will increase the bonded indebtedness of the State to a total of \$12,500,000.00.

Taxes have been largely increased. The State Manufacturers' Association, in 1914, stated in its report on Taxation:

"There is a tendency throughout the State to increase taxes on an already overburdened people, both by constant increase of the assessment as well as the rate."

Since that report was made, the Legislature has passed a new Revenue and Assessment Act, increasing many kinds of taxes from 40 to 100 per cent, the entire tax burden being nearly twice what it was before prohibition went into effect.

In 1908, the year before State-wide prohibition was adopted, the cost of criminal prosecutions in Tennessee was \$158,000.00. According to official figures submitted to the Legislature that has just adjourned, \$342,000.00 was expended for criminal prosecutions last year. This shows an increase of nearly 100 per cent in crime in six years under prohibition.

The city of Nashville recently issued bonds for \$987,000.00 to cover a deficit caused largely by the operation of the prohibition law. The other large cities of the State are in a similar financial condition, due to the same causes.

In Tennessee, prohibition has not helped the taxpayer, nor has it improved moral conditions. Exactly the reverse has been the result. Large numbers of extra officeholders, and greatly increased expenses for their support and for prosecuting violations of the law, are the main features of present conditions.

Blind tigers, bootleggers and moonshiners have taken the place of lawful, regulated liquor traffic; there has been a steady increase in all crimes; moral standards have been lowered; and TAXES HAVE DOUBLED.
